### TS-237 Hard-Shell Fine Finishing Enamel

Thousands of Colors & Tint Bases

## Finish With Pride

TS-237 Hard-Shell Fine Finishing Enamel makes it look easy. Our chemists really did it this time! We absolutely, unconditionally guarantee this finish enamel to be the finest product of its kind on the market today. Brush it on and watch as the stroke marks disappear before your very eyes. It's amazing!

This versatile semi-gloss enamel can be used almost anywhere a hard, durable, long lasting finish is desired, inside or out. It self-levels quickly to a hard-shell finish that is Top Secret tough and at the same time truly beautiful.

Use on interior or exterior metal, wood, sheetrock, plaster, or just about any other surface requiring extreme durability. Designed as a fine finishing enamel for millwork, it is also excellent for doors, windows, cabinets, furniture, trim and bathrooms.

Use with confidence on all institutional, commercial and domestic interior walls and trim, plaster, drywall, on wood paneling, interior sash and doors, brick and cement. Great for use in the bathroom, kitchen or any room where a durable, scrubable finish is desired.
