### TS-527 Cammo-Coat

Stock Colors & Tint Bases

TS-527

## You Can Be Invisible!

TS-527 Cammo-Coat is a favorite with hunters, fishermen, rock crawlers, four wheelers, and outdoor enthusiasts. Cammo-Coat provides you with the exact government spec non-reflective "drab" colors you are looking for in a tough MIL SPEC alkyd enamel.

This is the same stuff you expect to see on a WW II vintage Jeep, tank, duce and a half, Striker Fighting Vehicle and other modern military equipment. Meets or exceeds government specification number TT E 527. For you pencil-necks out there that means this is serious camouflage paint! Ooh-Rah!

A durable enamel suitable for use on the interior and exterior of all types of vehicles and equipment. Acceptable for use on all vehicles, boats, aircraft, guns, hunting stands, tools, machinery, etc. Adheres to ferrous and non-ferrous metals, fiberglass and wood.

It is used widely as an excellent marine and equipment enamel finish that withstands all types of weather conditions. The fully cured finish can withstand repeated washing and normal everyday abuse. It has proven its performance in various marine, industrial and commercial maintenance fields. Withstands salt spray, impacts and resists rust.

#### PRODUCT FEATURES

- Meets Government Spec TT-E-527
- Superior Adhesion, One Coat Coverage
- Excellent Hardness, Durability
- UV Stable, Colorfast
- Good Abrasion & Mar Resistance
- Seals, Protects, Inhibits Rust
- Easy Application, Low Maintenance
